2. Attached to this memo is a chart showing the flow of training for the average operations officer as it will be available in the future. As this chart indicates, the Staff Training Branch will direct and conduct the entire training of students in a way which will assure continuity of training and relieve the Divisions of the burden of placing and occupying students during interim periods. For security cleared students who are waiting for the commencement of their training, the Staff Training Branch will provide preliminary instruction and assure their constructive occupation in form of study courses, research projects, and the like.
3. As far as practical, this schedule of instruction will remain firm. If developments beyond our control should take place, the Divisions will be notified as far in advance as possible. It should also be understood that the new specialized courses can be prepared and started only gradually.
4. All training requests should be submitted at least two weeks in advance of the date the instruction is to commence. Form 51-1 should be used and submitted to Chief, TRD, Room 201, Building [redacted]
5. Information about specific training facilities and courses will be given by the Schedule Officer, Mrs. [redacted] Room 201, Building [redacted]. All inquiries about general training problems should be directed to the Chief, Staff Training Branch, Mr. [redacted], Room [redacted]
